TIERRA AMARILLA SUB-
SECTION OF SECTION
7 OF THE RIO CHAMA
STREAM SYSTEM:

You are hereby notified that the State of New Mexico has prepared a Proposed Partial Final Judgment and Decree on Surface Water Irrigation Rights in the Rito de Tierra Amarilla Subsection of Section 7 of the Rio Chama Stream System ("proposed Decree") to be filed in the United States District Court. The Rito de Tierra Amarilla Subsection includes the watershed of the Rito de Tierra Amarilla, a tributary of the Rio Chama. If you have water rights in the Rito de Tierra Amarilla Subsection of Section 7 of the Rio Chama Stream System ("Tierra Amarilla Subsection") that may be affected by any of the provisions of the proposed Decree, you have the right to file inter se objections and offer evidence to the Court in support of those objections. This inter se proceeding will be the only opportunity to file objections to the determination of surface water irrigation rights described in the proposed Decree, Addendum, and hydrographic survey maps. All persons having water rights in the Tierra Amarilla Subsection will be bound by the outcome of the proceedings to resolve inter se objections. The Court's previous determinations of priority dates and irrigation water requirements, by Orders filed on June 7, 2011 (Doc. 10153) and January 18, 2018 (Doc. 11316) respectively, are binding on all claimants, known and unknown, diverting and using water in the Tierra Amarilla Subsection. Persons using surface or underground water in the Tierra Amarilla Subsection cannot object to the determination of priority dates and irrigation water requirements of the surface water irrigation rights described in the proposed Decree. In addition, persons in the Tierra Amarilla Subsection may not file objections to the previous determination of their own surface water irrigation rights.

procedural order, at the following address:
Office of the Clerk
United States District Court
333 Lomas Blvd. NW,
Suite 270 Albuquerque,
New Mexico
All objections must have a caption identifying the Case and Case Number (69cv07941- MV/KK) and must: 1) contain the subfile number of the water right objected to, 2) identify the defendant associated with that water right, 3) provide a brief explanation of the reason for the objection, 4) describe your own water rights in the Tierra Amarilla Subsection, and 5) be signed by the person making the objection. A blank form (entitled "Inter Se Objection to Surface Water Irrigation Rights") that may be used for this purpose will be made available to the public at the locations described above and on the Office of the State Engineer website.

If you timely file an inter se objection, the State will send you its proposed scheduling and pretrial order which will set forth the procedure and schedule for resolving inter se objections. You will have fourteen days to file a response to the State's proposed scheduling and pretrial order.

If you have water rights in the Tierra Amarilla Subsection, you may participate in the proceedings to resolve inter se objections whether or not you file an inter se objection. If any inter se objections are timely filed, the State will prepare a report that summarizes all objections and make the report available for public inspection at the locations described above no later than _____ (120 days after entry of procedural order). Persons who elect to participate in the proceedings to resolve inter se objections must file a notice of intent to participate with the Court no later than _____

(150 days after entry of procedural order). Blank forms (entitled "Notice of Intent to Participate in Inter Se Proceedings") that may be used for this purpose will be made available with the report that summarizes inter se objections.

Copies of the proposed Decree with an Addendum that summarizes the water rights adjudicated in subfile orders, and hydrographic survey maps showing the location of all tracts described in the Addendum, are available for inspection at the Office of the Rio Arriba County Clerk in Tierra Amarilla and in Espanola. Copies are also available for inspection at the Federal District Court in Santa Fe and in Albuquerque, at the UNM School of Law, and at the Office of the State Engineer at the following addresses:

The proposed Decree and Addendum are also available on the Office of the State Engineer's website (www.ose.state.nm.us).

If you do not wish to object to the determination of water rights of other individuals, as described in the Addendum, you do not need to take any further action. If objections are filed by any persons, you may participate in the proceedings to resolve those objections as described below. If no objections are filed with the Court, you will be bound by the provisions of the proposed Decree.

If you wish to object, you or your attorney must file an objection with the United States District Court for the District of New Mexico. Objections must be filed in person or by mail to be received by the Court no later than _____ (90 days from entry of pro-
